

**FREE workshop**

for people living with disability

# Fundamentals of building a successful small business

**This 3 hour workshop** will give you an understanding of:

- The difference between a hobby and a business
- How to assess the overall strength of your business or business idea
- Your role in the business
- The importance of effective business partnerships and how to connect

**PLUS!** The opportunity to be invited to a second workshop for those participants who would like to work on their own business idea.

This workshop would suit a person living with a disability (including mental ill health) who:

- has a business idea
- has an existing small business and is looking for extra support
- does not have a business idea but is interested in learning about what it would take to start a small business

Or a person who:

- is the carer/family member of a person with a disability
- wants to start a business to support people with disabilities

Following the workshop, referral into the SSI IgniteAbility® program is available for one-on-one free support for workshop participants ready to start a small business or consolidate an existing one.

### There are 3 workshop options:

#### Option 1 - virtual workshops

If you are a person who learns best hearing information directly from our trainers, and you enjoy discussions, then our live virtual workshops are for you. Scan the QR code to register your interest.

#### Option 2 - Self-paced E-learning platform
